

Raw point cloud data - Airborne Laser Scanning - Forest concessions in the Amazon forest

Organized by: Daniel Braga (INPE - Brazil)

Data: General Coordination of Forest Monitoring and Auditing (CGMAF) - Brazilian Forest Service (SFB)

Last update: 31 / 01 / 2026

Description: Table containing the year and corresponding access link to the Zenodo tabs containing the raw airborne laser scanning data obtained by the Brazilian Forest Service in federal forest concessions in the Amazon. On each page, it is possible to find the **descriptive report of the acquisition (with technical details), the flight path, metadata, .las files, MDT-GRD files, GROUND-ASCII files, and pulse density information.** Data were uploaded to Zenodo by José H. Chaves (SFB - Brazil).
